

# Technical Datasheet

---

**Art.-No.: 841**

**Hydrochloric acid 0.1 mol/l (0.1 N)**

For laboratory use.

| Parameter         | Value                                 |
|-------------------|---------------------------------------|
| Appearance        | Clear, colourless to yellowish liquid |
| Density           | 1.00 g/ml                             |
| Molar mass        | 36.46 g/mol                           |
| Accuracy (20 °C)  | ±0.1 %                                |
| Traceable to NIST |                                       |
